Gentlemen:

You are both authorized to send this information to anybody you so choose.

Robert Venables a Democrat State Senator for the State of Delaware from January 10, 1989 until January 13, 2015 issued a HATE CRIME STATEMENT verbally to anyone willing to listen directed at me (Leonard D. Wallace/Oil Free LLC) that he would personally murder me, my family if necessary, workers of Oil Free LLC and blow up the FOX buildings in New York City killing ten thousand people...that he had been authorized by Vice President Joseph Biden and President Barack Obama to stop Oil Free LLC from going forward for the "Better Good".

My Company Oil Free LLC has developed a hydrolyzer, specifically designed to attach to an engine and produce hydrogen through the process of electrolysis. The hydrogen then becomes the fuel source to power an engine or turbine, eliminating the use of fossil fuels, and reducing carbon emissions to zero...global financial restructuring will at that time reduce the cost of electricity by 90%.

I filed a verbal complaint with the Vice President's Office and asked for a public apology from Senator Venables; I was told that Slow Joe and King Obama would never agree to it...it appeared the Democrats were resorting to threatening me with murder; thankfully the good people of Delaware recognized his recklessness and voted him out of office.

Best Regards,
